MEDICAL

Therapist led. Patient centered.

Compression Garment

**PRODUCT LINE**

# Welcome to Alta Medical.

Our patient-centered designs make compression wraps more comfortable, more effective and easier to wear. We have focused on creating each garment to address the contours, movement patterns and edema presentation of each part of the leg.

## SiennaWrap Foot

Contoured to better fit the shape of the foot.

● ● Available in black and beige

## SiennaWrap Calf, Seamless

This seamless, conical wrap better conforms to calves and ankles with less definition.

● ● Available in black and beige  
Available in regular and tall height

## SiennaWrap Calf, Contoured

The contoured SiennaWrap Calf seamed, two-piece wrap is designed for people who have smaller ankles in comparison to their calf size.

● ● Available in black and beige  
Available in regular and tall height

## SiennaWrap Knee

Adjustable bands with Velcro® finger loops make SiennaWrap Compression Wraps easier to put on, wear, adjust and take off.

● Available in beige

## SiennaWrap Thigh

Each SiennaWrap Compression Wrap also features concave straps that resist gapping for more effective compression and all-day comfort.

● Available in beige

## Alta Liner

This soft, seamless, non-compressive, full-toe sock liner provides comfort and protects the skin.

● Available in black  
● Available in Knee-high and Thigh-high

## Alta Compression Hybrid Liner

Combines compression for the foot with the comfort of a liner for the ankle and calf.

● Available in black

We're Kathy and Kyle Weatherly, and we believe in a fresh approach to edema care. Call or text us to schedule an in-person or virtual inservice: **414-441-4849**
